Production Assistants/ Jr. Production Assistants at the Zonal/Sub-Zonal level.

**Major Function:-**

**Introduction:-** The sole object of Industries department of TTAADC is to provide opportunity to the unemployed youths within TTAADC for self employment by making them skilled on different trades. It also emphasises on the improvement of small and village/cottage industries including sericulture.

**Industries Training Centres:-**

Industries department, TTAADC imparts training to the unemployed youths within TTAADC areas for their self employment on different trades like weaving (both loin and frame looms), Tailoring (Embroidery and fashionable garments etc.), Cane and bamboo, pottery, bee-keeping etc. The products of the trainees are sold and deposits it as sale proceeds/revenue of Industries department TTAADC.

**One time financial Assistance to the Ex- trainees:-**

A good number of trainees are passed out from the different training centres in every year. But they can not carry on their profession as because they cannot afford to purchase improved tools and equipments or required raw materials for their trades. So, the skilled trainees are assisted by providing tools and kits with raw materials in free of cost so that they could be self employed to their respective trades.

**Development of Sericulture:-**

The prospect of sericulture in the State of Tripura is very bright. As this Industry can provide the villagers a source of income in addition to what he is earning from Agriculture or from other sources, TTAADC has taken up Sericulture with its areas for the last few years. Necessary financial and technical helps are extended to the villagers for taking up mulberry plantation and rearing houses. TTAADC has been raising a serifarm at Belbari, Near TTAADC, HQ.
